Notice of a Draft Air Synthetic Minor Construction Permit

PUBLIC NOTICE #18-011-CM-C

COMMENT PERIOD: Public Notice will begin on **March 30, 2018** and will end at close of business, which is 5:00 p.m. on **April 28, 2018**.

MH Industries, LLC
1000 Robinson Road
Greer, South Carolina 29561
(Spartanburg County)
AIR PERMIT # 2060-0540-CA

MH Industries, LLC has applied to the SC DHEC for an air construction permit to remove existing equipment, install and operate new equipment, and take limits at its existing facility. A draft permit and Statement of Basis have been written by the BAQ outlining this proposed project and applicable regulations. This permit will enable the facility to construct and operate in compliance with state and federal air quality regulations. The draft permit has not yet been approved and is open to comment from the public, and the United States Environmental Protection Agency (EPA).

MH Industries, LLC is a plastic automotive parts manufacturing facility in Greer, South Carolina. The facility is requesting revisions to construction permit 2060-0540-CA. Emissions generated by this facility as a result of the proposed project will include: Particulate Matter (PM); Particulate Matter less than 10 micrometers in diameter (PM₁₀); Particulate Matter less than 2.5 micrometers in diameter (PM_{2.5}); Sulfur Dioxide (SO₂); Nitrogen Oxides (NO_x); Carbon Monoxide (CO); Volatile Organic Compounds (VOCs); and Hazardous Air Pollutants (HAPs). If this permit is approved, federally enforceable facility-wide limits of less than 100 TPY of PM₁₀ and less than 100 TPY of PM_{2.5} will be established to avoid Title V applicability. A federally enforceable facility-wide limit of less than 250 TPY of VOC will replace the previous limit of 100 TPY for Prevention of Significant Deterioration (PSD) avoidance established under construction permit 2060-0540-CA. The federally enforceable facility-wide limits of less than 100 TPY of VOC, less than 10 TPY of any single HAP, and less than 25 TPY of any combination of HAPs established under construction permit 2060-0540-CA to be below Title V major source thresholds, and applicable Maximum Available Control Technology (MACT) Standards as defined by Title 40 of the Code of Federal Regulations, Part 63, "National Emission Standards for Hazardous Air Pollutants for Source Categories" will remain unchanged.

If approved, and upon issuance of the draft construction permit, the facility may obtain a Conditional Major Operating Permit from the BAQ with no additional public comment period, unless a significant change in the original construction permit has occurred. All emissions limitations and conditions in the draft construction permit have been written to ensure that this facility operates as a Conditional Major Source.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by the end of the public notice period listed above, to Ruthie Hall at the above DHEC address or by e-mail at hallmr@dhec.sc.gov. All comments received by the end of the notice period, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Ruthie Hall at the above DHEC address or by e-mail. If a public hearing is requested and scheduled, notice will be given thirty (30) days in advance. If you have questions concerning the draft permit, please contact Susan Peterson at the phone number listed above. A final review request may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above address.

or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through the end of the notice period listed above, at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Spartanburg BEHS Office, 151 E. Wood Street, Spartanburg, SC 29303

Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing to the Freedom of Information Office; fees may apply. Please bring this notice to the attention of persons you know will be interested in this matter.

This public notice, along with the draft permit and draft statement of basis, may be viewed through the end of the notice period on DHEC's website at: <http://www.scdhec.gov/PublicNotices/>.
